EXPERT CONNECTIONS

Supporting positive clinical
experiences by putting you in touch
with peers across Canada

SCHIZOPHRENIA

PrREXULTI[®] (brexiprazole) is indicated for treatment of schizophrenia in adults.¹

ADJUNCTIVE TREATMENT OF MAJOR DEPRESSIVE DISORDER

PrREXULTI[®] is indicated for use as an adjunct to antidepressants for the treatment of major depressive disorder (MDD) in adult patients with an inadequate response to prior antidepressant treatments during the current episode.¹

AGITATION ASSOCIATED WITH ALZHEIMER'S DEMENTIA

PrREXULTI[®] is indicated for symptomatic management of agitation associated with Alzheimer's dementia in patients with aggressive behaviour, unresponsive to non-pharmacological approaches.¹

WELCOME TO YOUR SOURCE
OF SUPPORT FROM THE
PANORAMA[®]
Pr **REXULTI[®] PROGRAM**

REXULTI Expert Connections puts a team of experienced psychiatrists, pharmacists and nurses at your fingertips. Each member of the team is ready to answer questions regarding your particular client cases and REXULTI as a treatment option for those clients.

When you need expert advice, or some insight based on real clinical experience with REXULTI, call the Expert Connections team.

THE EXPERT CONNECTIONS TEAM*

* These expert healthcare professionals are not engaged to endorse or promote a drug product, medical device or service. Their expertise in the area of psychiatry, pharmacy or nursing is intended to be used as a clinical resource in a peer-to-peer exchange. Experts have been paid by Otsuka and Lundbeck solely to compensate them for their time when serving as a clinical resource for their healthcare professional peers in the area of their expertise.

 Schizophrenia

 MDD

Pr **REXULTI® EXPERT CONNECTIONS**

MAKING AN EXPERT CONNECTION IS AS EASY AS 1-2-3:

1

Contact any member of the Expert Connections team through the PANORAMA® REXULTI Program by calling **1-833-EXP-CONN** (397-2666).

2

Dial the extension of your selected expert, and leave a message including your best contact information and the general purpose of your call (respecting client confidentiality).

Note: Please speak slowly and clearly, as it can be difficult to understand messages. Also, repeat your phone number twice.

3

Within 48 business hours from the time you leave your message, your selected expert will attempt to reach you.

Please consult the Product Monograph at www.rexultimonograph.ca for important information relating to clinical use, warnings and precautions, adverse reactions, drug interactions, and dosing information, which have not been discussed in this piece. The Product Monograph is also available by calling us at **1-877-341-9245**.

Expert Connections is an additional service from the PANORAMA REXULTI Program, intended for healthcare professionals who want to discuss a specific client case with a peer who is experienced in using REXULTI. It does not replace REXULTI Medical Information (1-877-341-9245), which will continue to be your source for product- and data-related questions that have not been answered by your medical representative and/or clinical nurse educator.
